Athens, 20.3.2025 – [Ydrogios Insurance](#), a member of Reale Group, proudly announces its support for three impactful social projects in Greece through Reale Foundation, reaffirming its commitment to the local community.

Guided by its core values of social contribution and solidarity, [Reale Foundation](#) is donating **€10,000** to [Emfasis Non-Profit](#) for the project "*Mobile Life*." The initiative aims to empower flood-affected communities in the Karditsa region, Thessaly, by providing support for the restoration of essential infrastructure.

Additionally, the Foundation is supporting the [Center for Vocational Rehabilitation of People with Disabilities \(K.E.A./A.M.E.A.\)](#) in Haidari, Athens with a €10,000 donation for the purchase of a school bus and laboratory equipment. This contribution will enhance the quality of life for individuals with disabilities, improving their access to education and specialized support.

Finally, Reale Foundation is supporting [Make-A-Wish Greece](#) with a €5,000 donation, contributing to its mission of granting wishes for children aged 3 to 18 who are battling serious illnesses. This donation will bring joy and hope to children facing difficult circumstances.

These contributions reflect Reale Foundation's commitment to strengthening local communities in the countries where Reale Group operates, through targeted initiatives that promote sustainable development, environmental protection, social inclusion, and public health. This marks the second consecutive year that the Foundation has supported initiatives in Greece, reaffirming its dedication to Greek society.

Two of the supported projects by **Emfasis Non-Profit and K.E.A. / A.M.E.A** were among the participants in the "[Together 4 a Better World](#)" international contest, organized by Reale Foundation in October 2024.
